NOTE FOR: Acting Director of Personnel

Ben:

While there will be a forthcoming official minute from the Management Committee on the matter of MCA-101, "Marriage to Aliens," the issue was left as follows: The current regulation should be amended so that Deputy Directors can recommend on a marriage to foreign national case that while an individual in staff capacity may continue employment with the Agency, such employment will revert to contract status for a period of three years. This is designed to allow "breathing time" to develop, when appropriate, additional information on the spouse and, primarily, to allow DD/O to assess the further utilization of the officer involved.

Please draft for me a change of language in the regulation, and I will submit it to the Management Committee. With their approval, we can then publish and circumvent the complete coordination process.
